Even though he's not really a superhero -- he has Asperger syndrome, which means his brain works a little differently -- he does love to play superheroes with his brother, who understands him. Straightforward and engaging, Isaac's first-person narrative will help kids see the world through the eyes of a child with the high-cognitive type of autism spectrum disorder commonly known as Asperger syndrome.

Isaac and His Amazing Asperger Superpowers!: Amazon.co.uk ...

Isaac may look like everyone else, but he actually has superpowers that make him different from his brother and his classmates. Some kids don't understand that and call him names. But Isaac's superhero brain remembers loads of things, he has energy enough to bounce on his trampoline for hours, and his ears are so sharp he can even hear the buzzing some lights make in school (ouch!).

Isaac and his amazing asperger superpowers by Melanie ...

Isaac is very positive about his superpowers, he sees them as an advantage to his day to day life and I think this is a great way to approach it. While there may be difficulties having a child with Asperger's, or interacting with one, it is good to know that it doesn't have to be a constantly negative thing or become a huge issue if you understand where the child is coming from.
